

Upholstery service Olympiade

All rental apartments in Olympiade are not yet ready to move in and therefore still need to be finished with flooring. Hügge meets this need for the residents of Olympiade. If you choose a floor from Hügge, you can be sure that the selected subfloor and the floor meet the strict requirements for underfloor heating and impact sound.

What purchase options do I have?

If you want to purchase a floor through [Hügge](#), you have two different purchase options, namely;

- Completely unburdened: Here you give Hügge the key and they will arrange for your floor to be installed as soon as possible after delivery. This naturally makes moving a very pleasant experience!
- Do it yourself: Do you have or are you that handy 'uncle' who can do everything himself? No problem! Hügge ensures that the floor you choose is installed in your home, including subfloor and skirting boards, so that you can get started with the installation yourself.

When can I choose my floor?

After an apartment has been assigned to you, your file has been approved and you have signed the rental agreement, you can make a choice via the special upholstery portal. In addition, you can of course request samples via this same portal, schedule a showroom appointment or even request a quote.

The floor is laid by supplier [Hügge](#).

Who is Hügge?

Hügge is a professional upholsterer with expertise in project work. This allows them to provide all the apartments with a floor soon after completion and you can move quickly. A major advantage of renting in Olympiade.

Curtain service

Hügge also offers a curtain service at the tenant's own expense. You can make an appointment for this service in [the Hügge showroom](#).

Can I go take a look already?

Yes, that is certainly possible. Below you will find the link to the upholstery portal. You can take a virtual look in the portal or schedule an appointment in our showroom. We understand that you have become curious, so take a quick look.
